Built around audiences.

AffiGrove

Brand identity & digital standards

A complete first identity for review. Logos, colour, typography, applications and implementation rules.

A system, ready to use.

This identity is designed for the company AffiGrove aims to become: a connected media, audience-development and technology group.

Version 1.1 applies the owner-requested dark corporate background. The package name “Official” is a delivery label. Once approved, these standards become the design authority.

03-05	Strategy & creative decision
06-11	Logo system, icons & combinations
12-16	Colour & typography
17-18	Architecture & visual language
19-26	Website, OS & communications
27-29	Implementation, inventory & references

Start with the PDF. Use the actual assets. Read the Cursor handoff before changing either application.

An audience-led media company.

MISSION

Build useful media and durable businesses through audience understanding, original work and learning from verified outcomes.

THE OPERATING MODEL

01 Research audiences

02 Produce original content

03 Grow social audiences and organic traffic

04 Build owned editorial and comparison sites

05 Connect to approved affiliate offers

06 Verify sales, analyse, reinvest

The parent identity is not tied to a single niche or market. Affiliate marketing is part of the model, not the limit of the brand.

Clear thinking. Considered expression.

INTELLIGENT

Explain what the work does.

CREDIBLE

Evidence before public claims.

PROGRESSIVE

Technology with human judgement.

PRECISE

Concrete language and consistent details.

CREATIVE

Original work with an editorial point of view.

DURABLE

Build long-term value, not short-term hype.

Say: “Original content. Considered growth.”

Three routes. One decision.

Three routes. One coherent identity.

A / CUSTOM WORDMARK

AffiGrove

Typographic authority

Custom square i dot and measured spacing.

Elegant, but weaker as a standalone app icon.

B / NETWORK ASSEMBLY

An ecosystem of properties

Four connected editorial fields.

Flexible, but less ownable as a silhouette.

C / GROVE LOOP - SELECTED

One recognisable loop

An open G with a clipped shoulder.

The name and the operating cycle in one mark.

Decision: C gives the clearest 16 px icon and the strongest connection to AffiGrove.

Creative evaluation only. No trademark clearance or worldwide uniqueness claim is implied.

Chosen: Grove Loop + refined wordmark. The compact G connects the name to a repeatable operating cycle and works at small sizes. Full evaluation is in the strategy folder.

The primary identity.

GROVE LOOP

An open, geometric G with a clipped shoulder and inward return. No arrow, tree, leaf or money symbol.

THE WORDMARK

Source Sans 3 outlines with adjusted spacing and a square i dot. Use the master artwork; never retype it.

Precise construction. Optical judgement.

Master outline is a single closed vector path.

64-UNIT MASTER

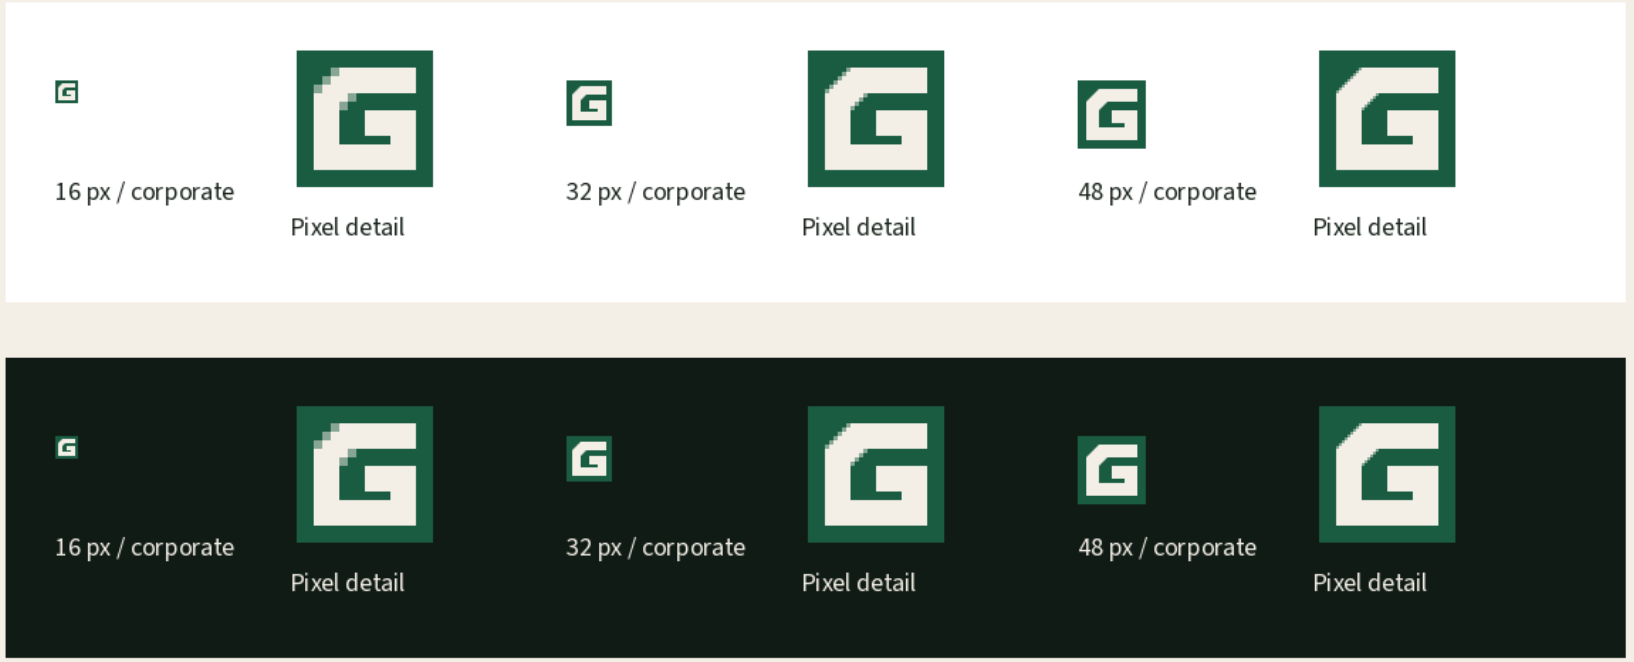

Main band: 16 units. Clipped shoulder: 16 x 16. The open channel is intentional. Keep every proportion fixed.

MICRO-ICON EXCEPTION

At 16, 32 and 48px, use the supplied pixel-hinted favicon. Its channels align to the pixel grid. Do not substitute a downscaled full logo.

Small size. Clear identity.

Favicon optical check / actual pixels + enlarged detail

Corporate

AffiGrove OS

ICO: 16/32/48px. Apple: 180px. Android: 192/512px. The maskable variant has a smaller safe-area symbol. App icon tiles are deliberately opaque; logo assets remain transparent.

One family of marks.

AffiGrove

Wordmark only

AffiGrove
MEDIA GROUP

Formal signature

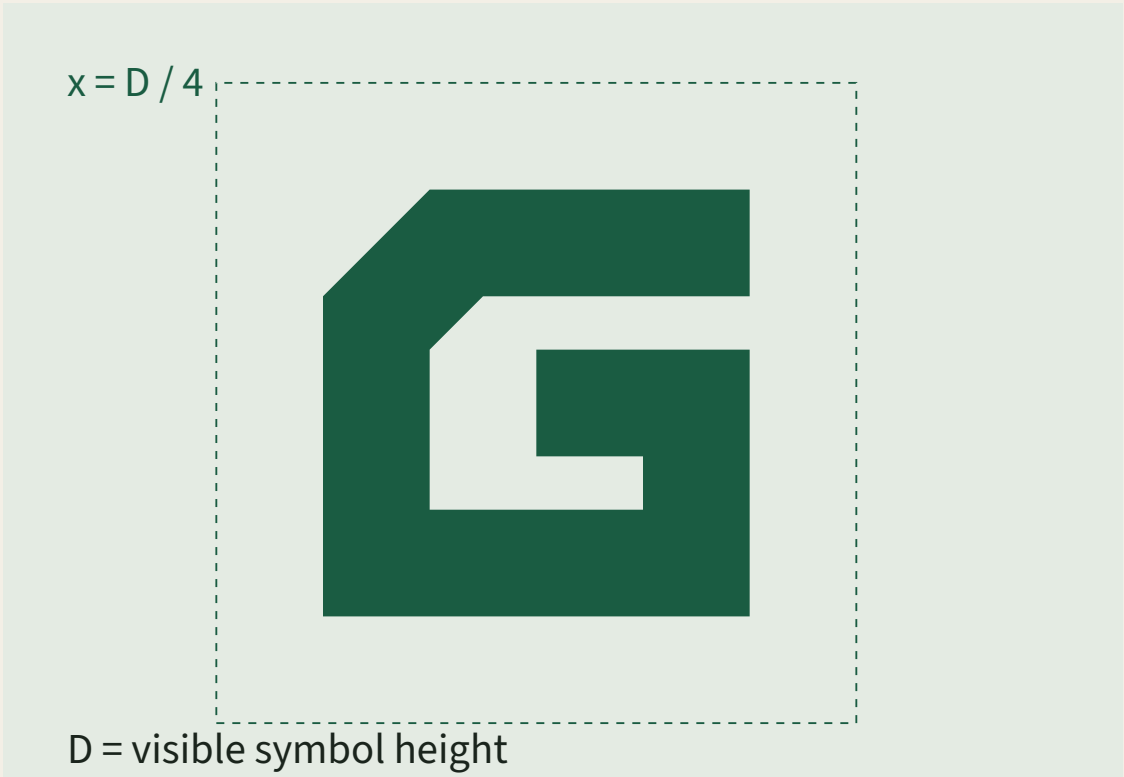

Stacked arrangement

Private operating system

Give the identity room.

Horizontal	144 px
Wordmark	100 px
Media Group signature	320 px
AffiGrove OS	200 px
Standalone symbol	24 px
Hinted micro-icon	16 px

Keep at least D/4 around visible artwork, D/2 beside other brands. SVG padding does not replace external clear space. Do not reduce the formal signature to fit a mobile header.

Approved colour combinations.

Green on white

Ink on paper

Paper on green

Sage on night

Do not stretch

Do not rotate

Do not lose contrast

No outlines, gradients, shadows, rearranged letters or busy backgrounds.

Grounded, not decorative.

Grove Green	Dark Ink	Warm Paper	Field Mist	Sage
#1A5C42	#1A241C	#F3EFE6	#E4EBE3	#BDD5BF
26/92/66	26/36/28	243/239/230	228/235/227	189/213/191

Corporate default: 75% Night/dark surfaces, 15% green panels, 10% text and sage accents. Warm Paper is for text, not page backgrounds.

A palette that works in software.

Main text	#1A241C / #F3EFE6	13.94:1
Secondary text	#536057 / #F3EFE6	5.76:1
Primary action	#FFFFFF / #1A5C42	7.91:1
Dark action	#111B16 / #BDD5BF	11.27:1
Success	#226344 / #E6F2E9	6.21:1
Warning	#80531A / #FFF2DC	5.99:1
Error	#A63432 / #FBE9E7	5.67:1
Information	#285B75 / #E7F1F6	6.44:1

Normal text >= 4.5:1. Essential control boundaries >= 3:1. Pair colour with a text label. The supplied JSON includes all HEX, RGB, HSL and checked pair ratios.

Use control-border for inputs. The lighter border token is for decorative dividers only. Dark mode uses explicit semantic overrides.

Every value, specified.

TOKEN	HEX	RGB
green	#1A5C42	26, 92, 66
ink	#1A241C	26, 36, 28

operator	#285B75	40, 91, 117

All values are sRGB. HSL equivalents and semantic mappings are in palette.json and brand-tokens.json.

Editorial character. Operational clarity.

Built around audiences.

Clear at every scale.

Source Sans 3 gives navigation, body copy and software screens an open, readable voice.

Fraunces 500

SOFT 0 / WONK 0 / optical size 72. Restrained editorial headlines, not dense UI.

0123456789

£1,234.56 14 Oct 2026

400 / Body 600 / Controls 700 / Emphasis

Both families are supplied under the SIL Open Font License. Keep the licence files with redistributed fonts. Email uses Arial as a documented compatibility exception.

A complete hierarchy.

STYLE	FONT	DESKTOP / MOBILE	WEIGHT	LINE	TRACK
display-xl	Fraunces	88 / 48 px	500	1.06	-0.025em
display-l	Fraunces	72 / 42 px	500	1.1	-0.025em

data	Source Sans 3	16 / 16 px	400	1.4	0em
dashboard-heading	Source Sans 3	28 / 24 px	600	1.25	-0.01em

Shared foundations. Distinct roles.

AffiGrove Media Group

Parent organisation / primary brand: AffiGrove

AffiGrove OS

Private platform / shared G, operational typography

Money Printer Turbo

AI-assisted content production

Operator OS

Workforce operations

Keep Money Printer Turbo internal. Public language describes the capability. Module accents belong to local headers or navigation; they never recolour the parent logo.

Structure supplies the expression.

THE REPEAT FIELD

The symbol can repeat as an editorial texture. Keep it flat, geometric and deliberate. Decorative artwork never substitutes for the actual logo.

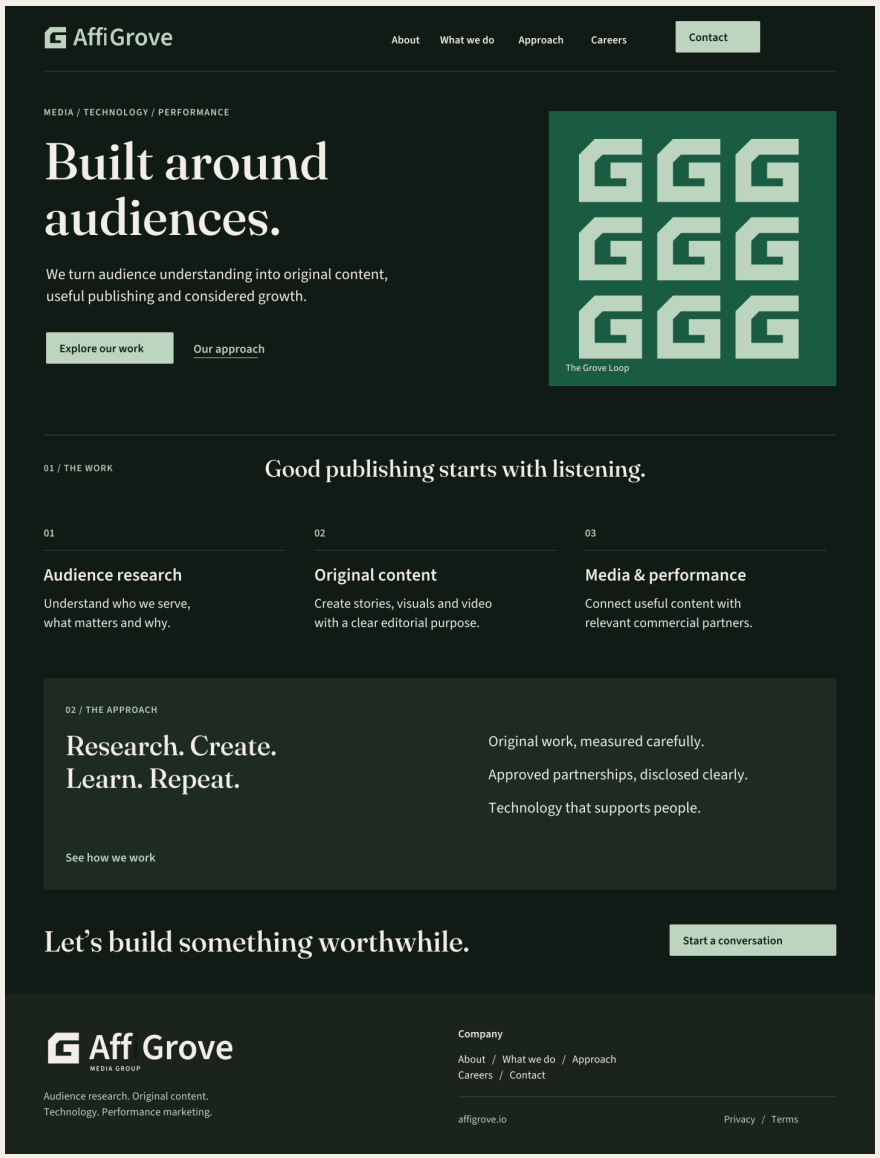

COMPOSITION

Open rows, fine rules, clean edges and purposeful whitespace. No glow, glass, stock-chart motifs, floating cards or invented data.

Use artwork sparingly: one dominant field per page or composition.

The corporate homepage.

Dark-background revision only; preserve the existing public site design.

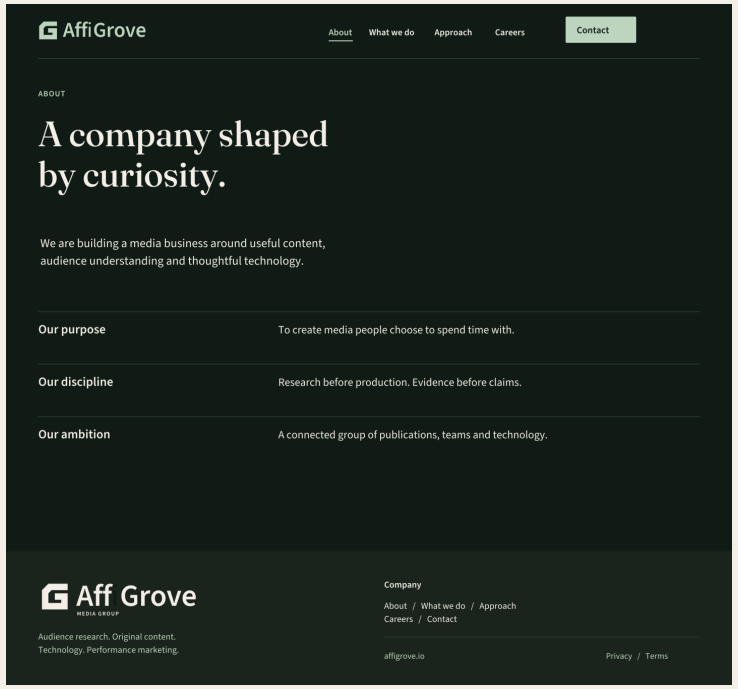

Type leads. A single clear CTA follows the introduction. The work is explained before the approach and contact invitation.

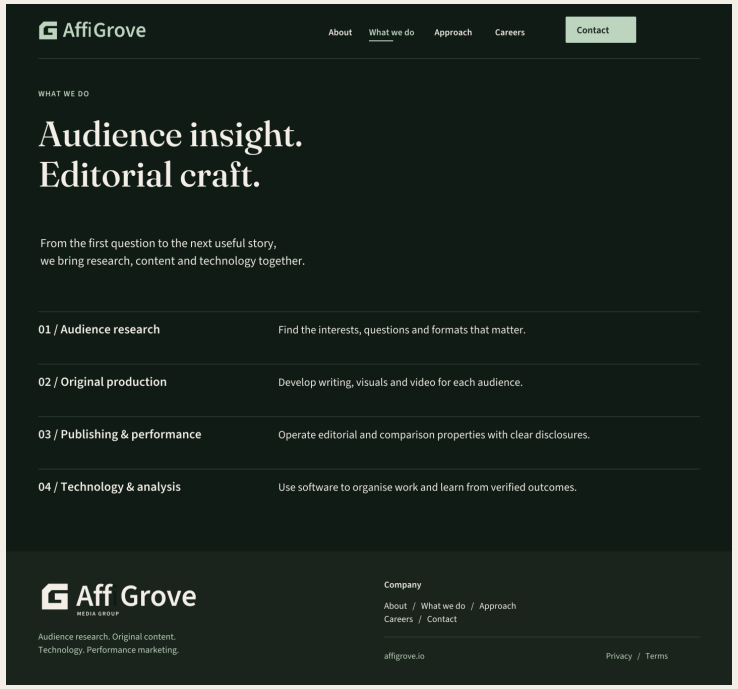

Dark surfaces replace cream. Keep the existing layout, logo, typography and content.

The original vector pattern is brand artwork, not a performance chart.

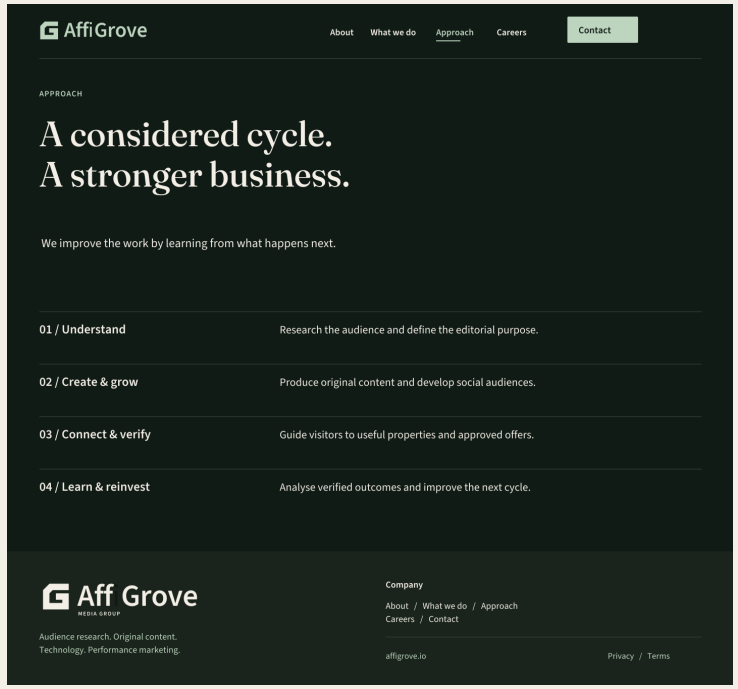

Consistent across the company.

About

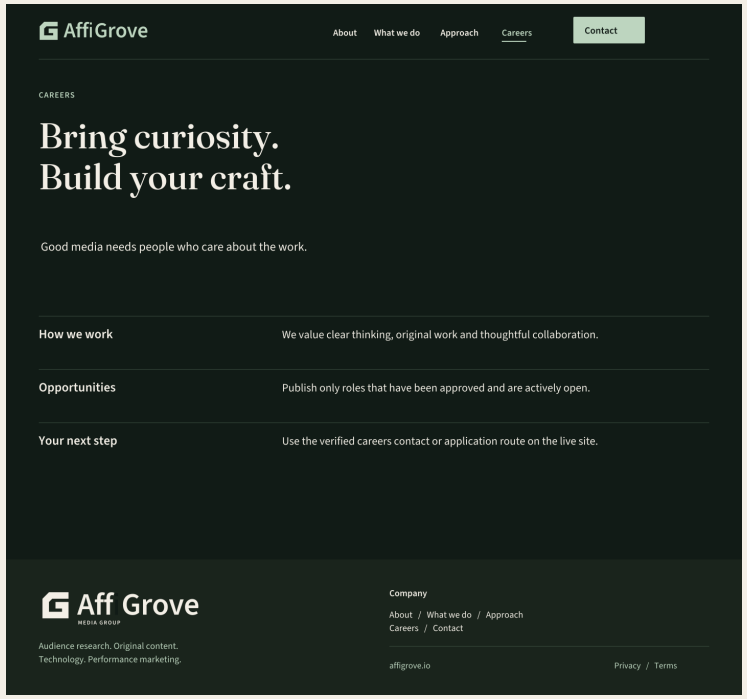

What we do

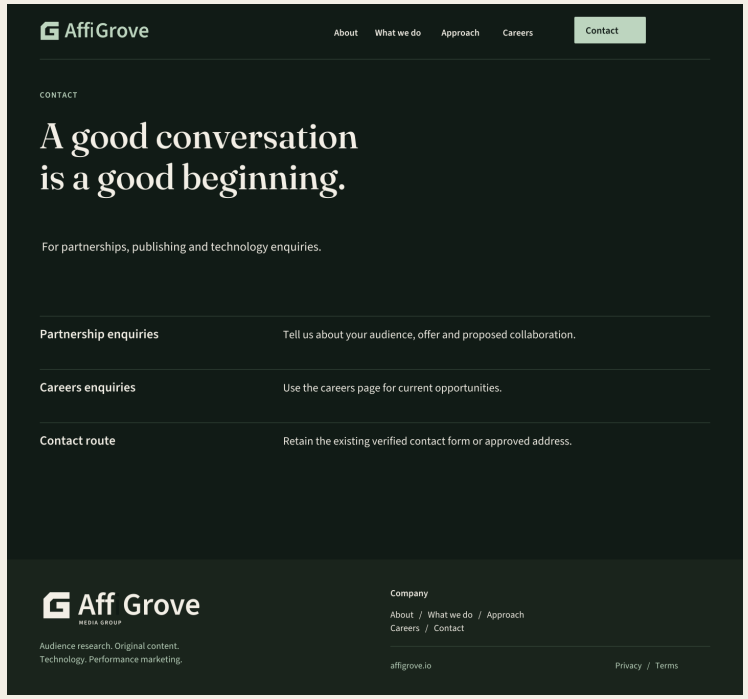

Our approach

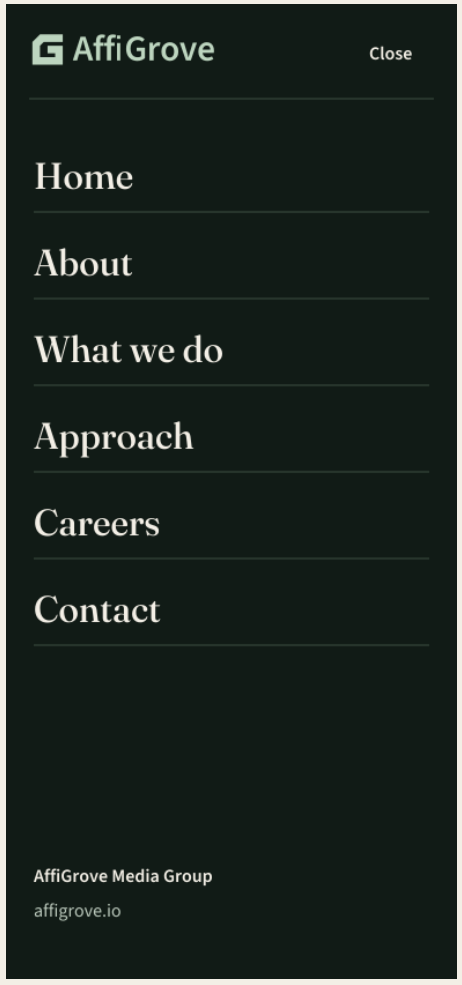

Useful on every screen.

Careers

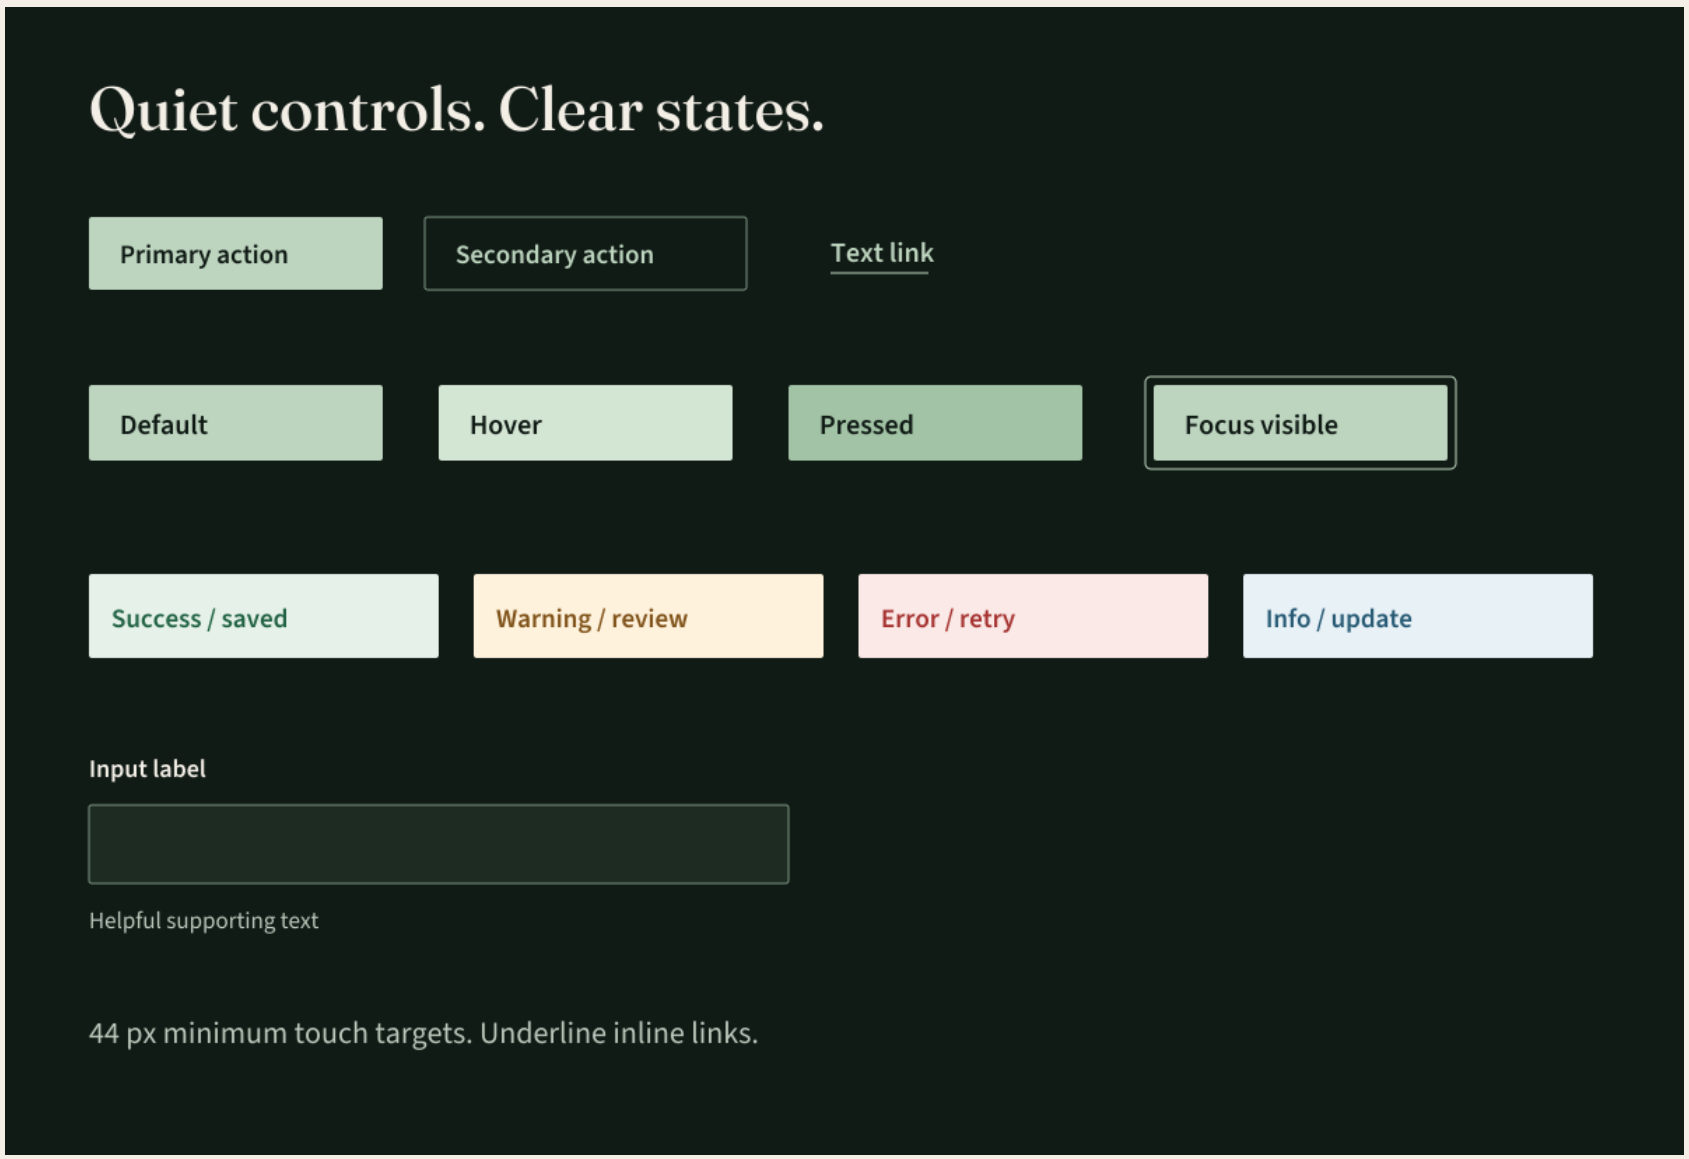

Contact

Mobile navigation

Replace content placeholders with verified facts. Preserve existing contact and application routes.

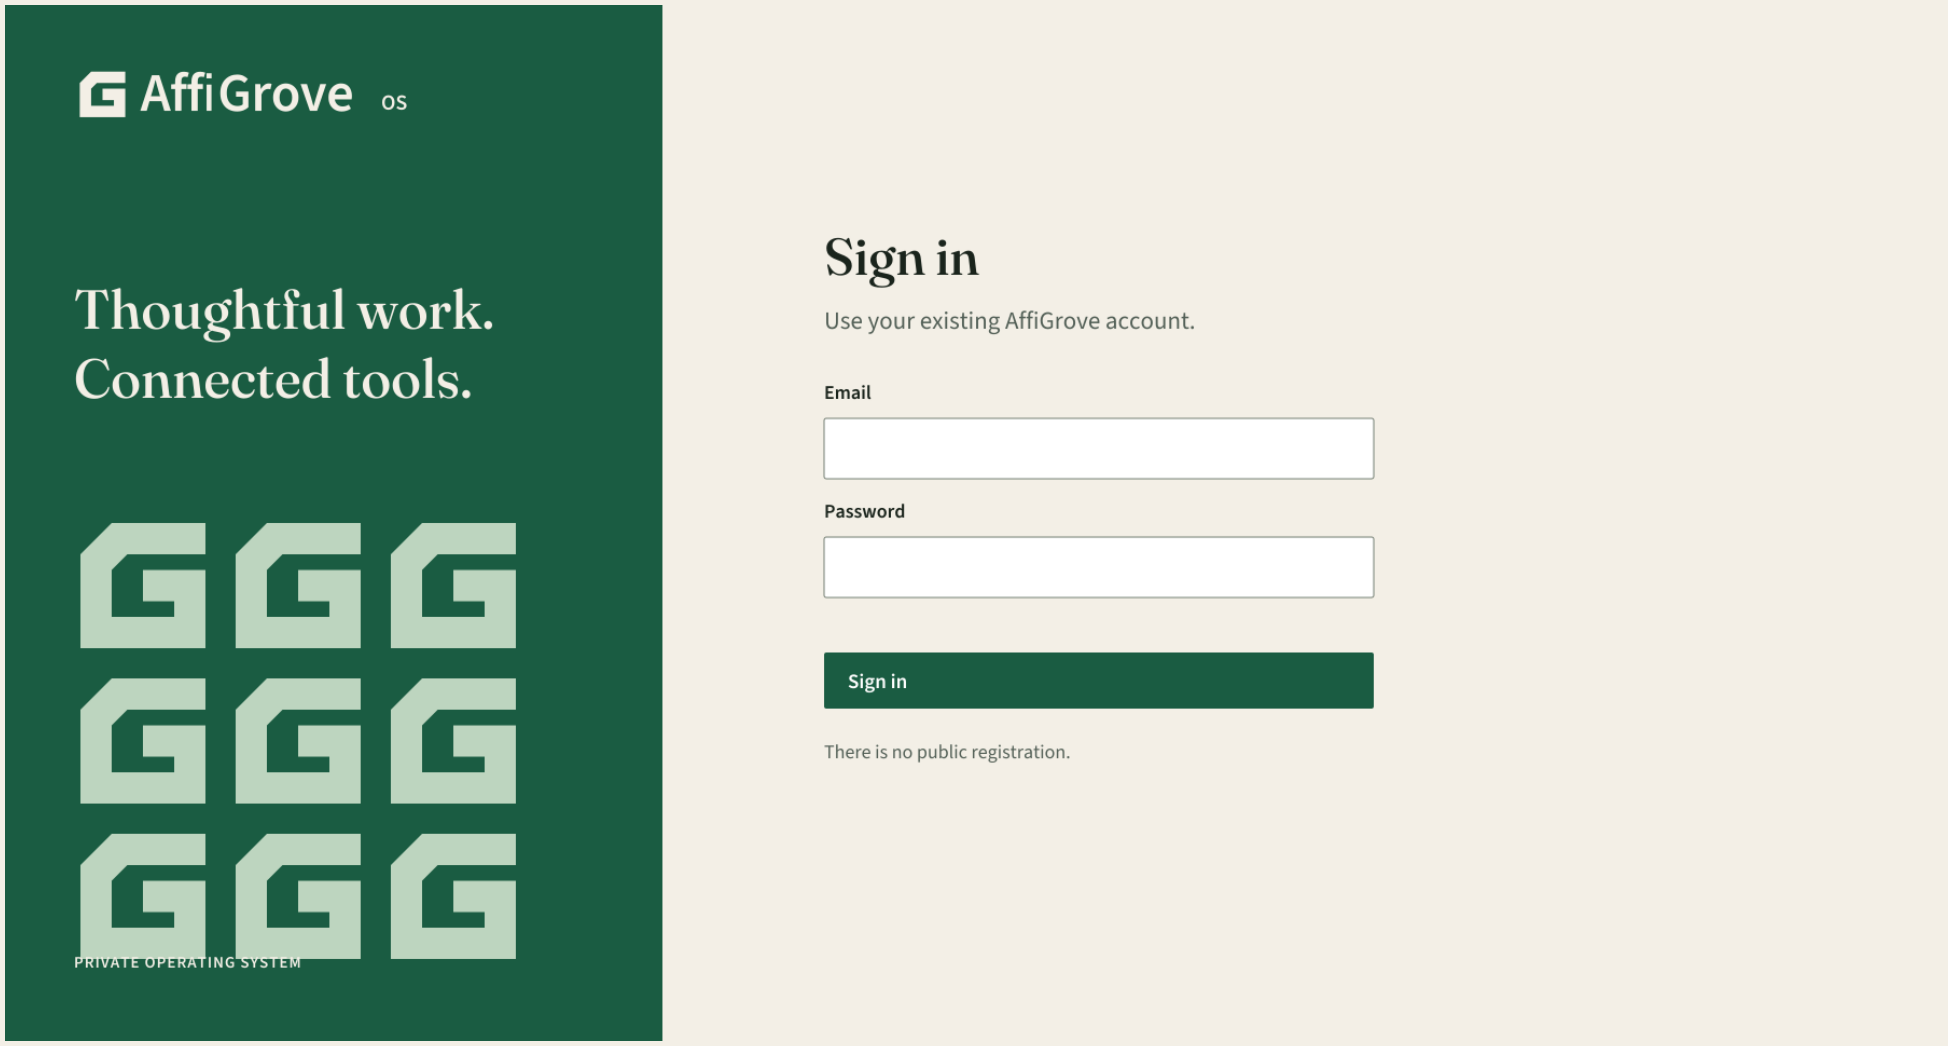

Controls with a clear purpose.

44px minimum touch targets. Visible keyboard focus. Underline inline links. Use labels with status colours.

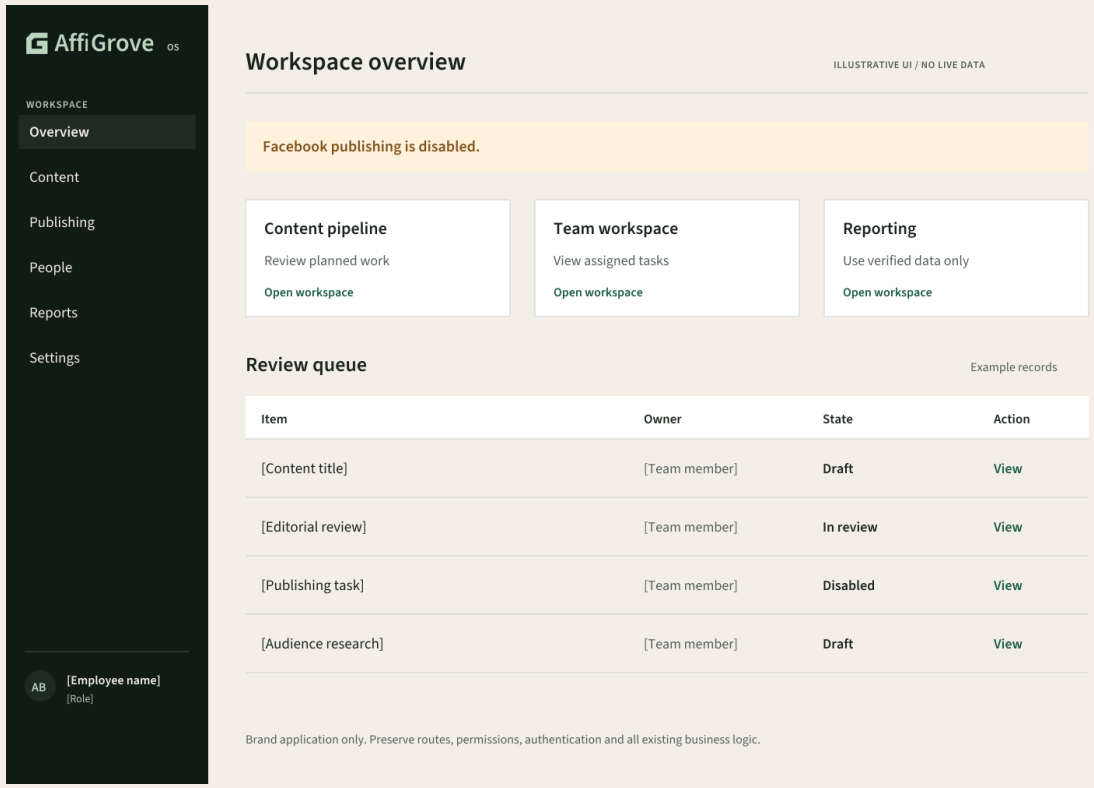

2px control corners. No decorative shadow. Preserve form behaviour and validation.

A private, recognisable entrance.

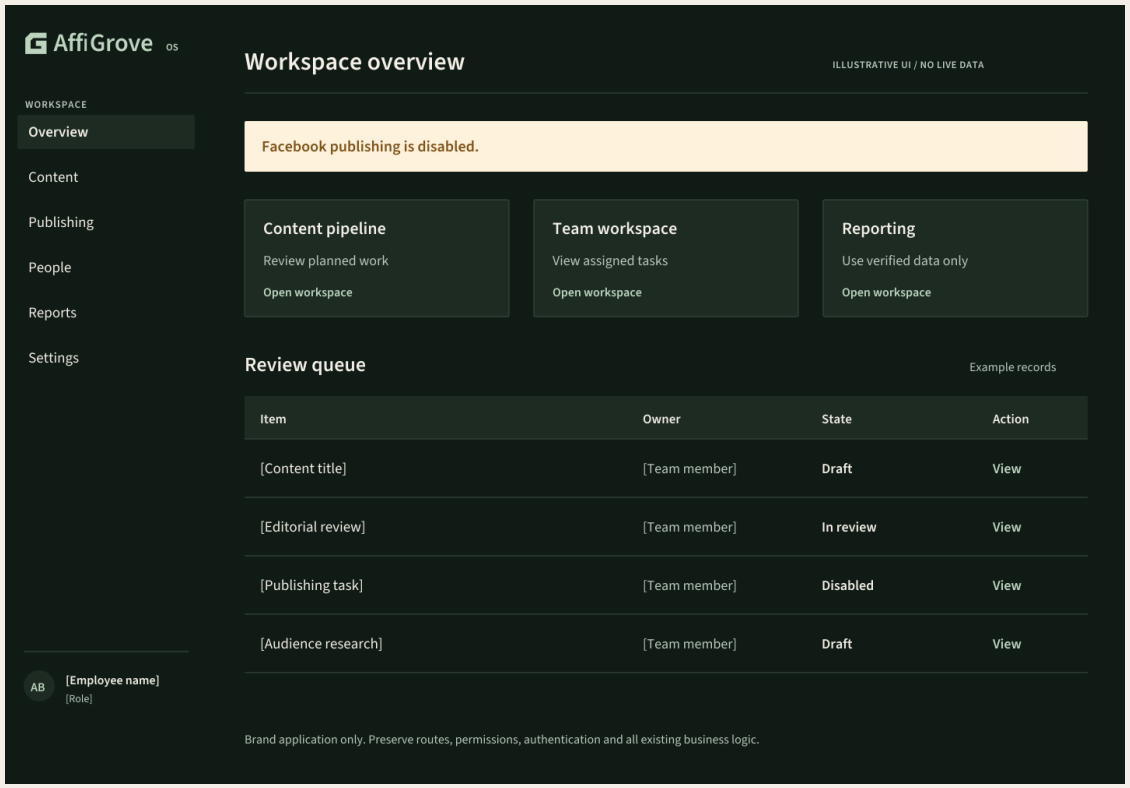

Keep existing email/password authentication, access controls and return routes. No public registration is introduced. The branding changes presentation only.

Brand the interface. Preserve the system.

LIGHT

DARK

Use sans-serif headings, tabular numbers and clear row states. Do not seed mock records. Preserve permissions, filters, exports and actions. Facebook publishing stays disabled end to end.

A recognisable public presence.

AffiGrove

Built around audiences.

MEDIA / TECHNOLOGY / PERFORMANCE

affigrove.io

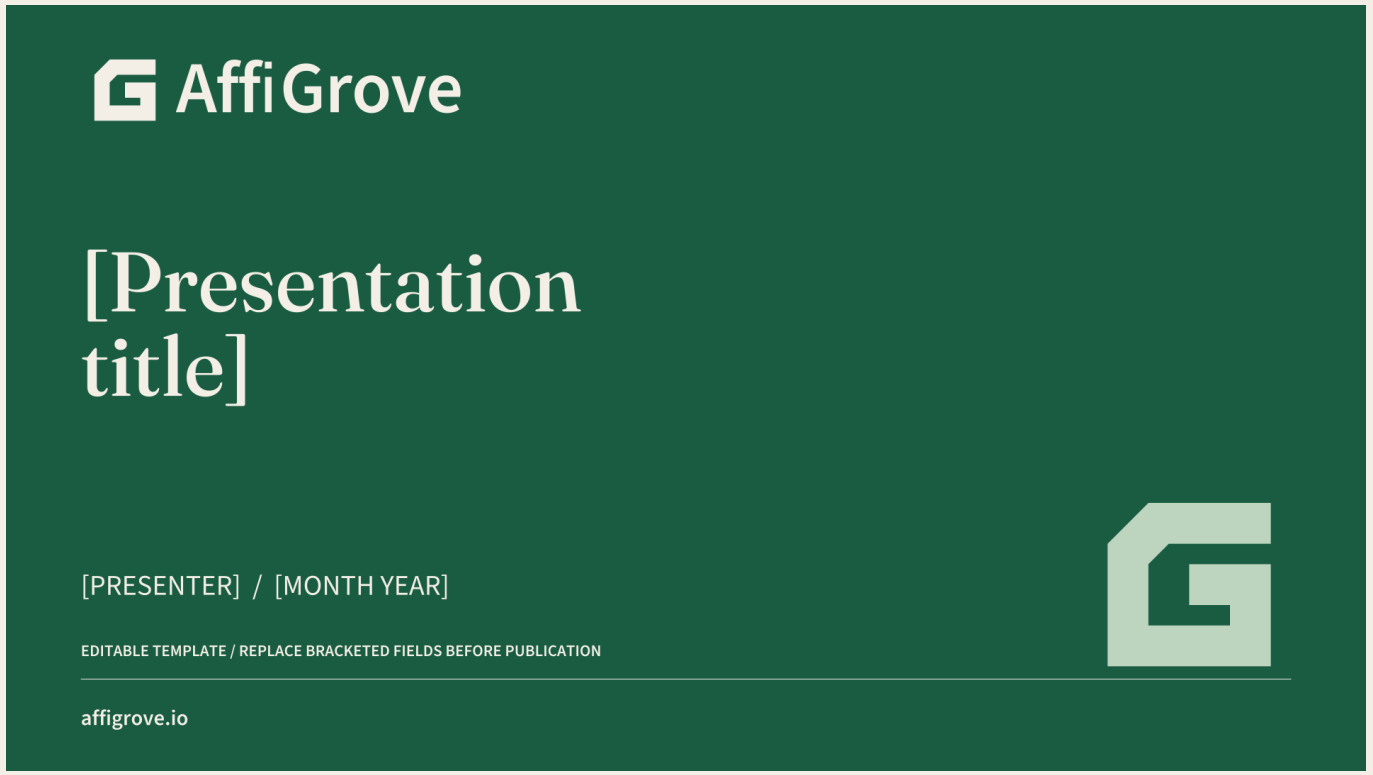

AffiGrove

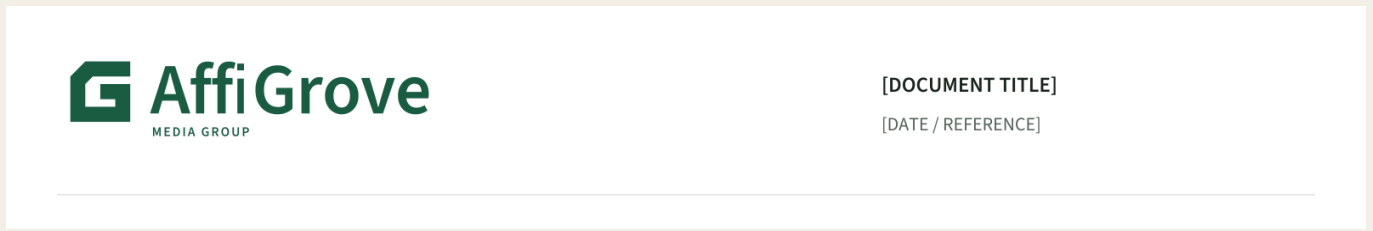

Built around audiences.

AffiGrove Media Group

affigrove.io

Consistent in everyday work.

EDITABLE TEMPLATES

Live-text SVGs are included alongside outlined masters. Install the licensed fonts, replace bracketed fields and check wrapping before publication.

EMAIL

A simple HTML signature uses live text and Arial for reliable email-client support. Use approved contact details only.

Implement without guessing.

01	Inspect first	Read the package and existing repository. Keep the router, theme controller and component structure.
02	Use real assets	Copy supplied SVGs/icons. Self-host the included fonts. Import CSS/JSON tokens once.
03	Apply semantic tokens	Map colours by purpose. Preserve responsive states, data formatting and keyboard support.
04	Preserve the product	No auth, database, API or workflow changes. Keep all Facebook publishing disabled.
05	Preview, then release	Run current tests. Show owner desktop/mobile and light/dark previews before deployment.

Everything has a place.

01 Strategy, architecture, research

02 Primary SVG + transparent PNG logos

03 Wordmark, stacked, formal and OS lockups

04 ICO, PNG, SVG, Apple/Android icons

05 Colour values and contrast report

06 Type scale, font files and OFL licences

07 This guide and identity overview

08 Corporate and mobile application artboards

09 Sign-in, dashboards, module icons

10 Social, recruitment and communications

11 CSS/JSON tokens and integration README

12 Cursor handoff and acceptance checklist

Verify asset paths, icon dimensions, font loading, contrast, responsive behaviour and auth regression checks. No deployment or publishing is authorised by this document.

Sources, limits & next approval.

WHAT IS VERIFIED

The package contains actual vector and raster assets, measured colour pairs, real font files and implementation guidance. The final QA report records file checks.

WHAT REMAINS A REVIEW

Owner approval, legal trademark clearance, final company facts and live integration tests. The Current screenshot was unavailable; its described visual principles guided the work.

Nothing has been deployed. This is the first complete identity for your review.
